

## Layout and Location

The Scottville Farmers' Market is located along W. StateSt. in Downtown Scottville in the West City Lot between Nichols and West Shore Bank. There are 21 seasonal spots available in the Market, and we look forward to filling each one with a unique product of Mason County. Spaces marked with an \* indicate access to electricity for an extra \$10 for the season. We will be filling spaces 1 through 17 first.

Please mark your first three slot choices on the map and return it with your application. If you have any questions when requesting spaces, please contact the Manager at 231-757-9674.
